NH Providers Association announces 2017 award winners

MEREDITH — The NH Providers Association today announced the winners for its 2017 Providers of the Year, Intern of the Year, and Excellence in Board Service Awards at its Annual Meeting in Concord. The mission of The NH Providers Association is to represent its members in advancing substance use prevention, treatment, and recovery through public policy, leadership, professional development, and quality member services.

Each year, the NH Providers Association selects award recipients for recognition at their annual meeting. A list of the 2017 award winners follows:

Prevention Provider of the Year:

Treatment Provider of the Year:

Recovery Provider of the Year:

Intern of the Year:

Excellence in Board Service:

Recipients of the Provider of the Year awards were nominated with careful consideration of nomination criteria by the NH Providers Association Board of Directors and selected by vote by the Association's entire membership. Recipients are those whose exceptional delivery of services to the community sets a high standard of quality and impact in the substance abuse and behavioral healthcare field. While the organizations serve as exemplary models overall, particular focus may be given to success related, but not limited, to board excellence, programmatic evaluation and impact, fundraising, innovation, and collaboration with other entities.

The NH Providers Association commends all of the award recipients and other nominees for the work that they do to impact the field of substance misuse in the state of New Hampshire. Award recipients were recognized at the NH Providers Association annual meeting and each agency was awarded with a monetary donation and award. Photos of the awards ceremony can be seen on the NH Providers Association Facebook page by visiting www.facebook.com/thenhproviders. More information on the NH Providers Association can be found at www.nhproviders.org.
